There are plenty more, unfortunately, so stay informed by visiting these sites:

- [Environmental Working Group](#) - gives toxicity rating on brands (food, home, and personal care)
- [EWG Verified](#) - a shopping guide for safe, non-toxic labels
- [Find Real Food App](#) - another shopping guide to check on labels at the store. Recommendations fit the guidelines set by the Weston A. Price Foundation
- [Mamavation](#) - investigates most products in the grocery store for toxic or hormone-disrupting chemicals.

For the best quality food, befriend your farmer!

Get a list of local suppliers and farmers in your area that supply life-giving foods by contacting your local
